Monday 11<sup>th</sup> May 2020

Good morning everyone,

Well the week got off to a lovely start. When I arrived this morning there was an envelope sitting on my desk and in it was the rainbow painting that I ordered from Patrick in Foundation a couple of weeks ago. Thank you very much Patrick, it is now proudly displayed in my window. I see that you have now raised over £500, an amazing effort!

I hope you have all had a lovely weekend. I have seen some great examples of what some of you did to mark the 75<sup>th</sup> anniversary of VE day on Friday, thank you for sharing these with me.

Last night Mr Johnson, our Prime Minister, made a speech about what will happen in the country over the next few weeks and months. It is looking very likely now that some of you will be returning to school at the start of June. The staff and I will be working very hard this week to put plans into place so that when you do return you will all be very safe and well looked after.

In the meantime, please keep up with the great work that you are all doing. I spoke to all your teachers last week and it looks like you are doing a fantastic job of learning from home.

Take care everyone, see you soon.

Mr Dyson

## Mr Dyson's daily challenge:

### Smallest to Largest

Today's challenge is to put the following things in order from smallest to largest. They will start off quite simple (certainly for KS2 pupils) so that everyone will be able to answer some but they will get harder (I don't expect Foundation or KS1 pupils to do them all!) You may need to do some research to answer some of them.

Rewrite the answers in the correct order underneath:

Good luck.
